GLADWIN COUNTY - The Clare-Gladwin Great Start Collaborative and Great Start Parent Coalition are gearing up to make sure local voters know about the Sandbox Party for Michigan's Youngest Learners, which was launched in Lansing.

The nonpartisan, nonpolitical party represents the interests of Michigan's youngest residents, from birth to age 5. A growing body of research identifies this age group as vital to developing competent citizens and workers, and crucial to Michigan's economic turnaround.

"Working with other parents in the community, we know there is a groundswell of support for programs that help grow healthy, capable children," said Amanda Cote, who leads the Gladwin County Great Start Parent Coalition. "The Sandbox Party gives us a rallying point for our efforts to ensure that local children start kindergarten ready to learn."

The 55 Great Start Collaboratives and Great Start Parent Coalitions statewide are coordinating local Sandbox Party outreach, including information for candidates running for office. Locally, contact the Great Start Collaborative at 989-386-8613.

Sandbox Party supporters include parents, representatives from leading early childhood organizations including Michigan's Children, Fight Crime: Invest in Kids Michigan, Children's Trust Fund, Michigan League for Human Services, Michigan Association for the Education of Young Children, Michigan Council for Maternal and Child Health, Michigan Association of United Ways, and other state leaders.

The Sandbox Party will hold a convention at Michigan State University's Breslin Student Events Center from 1-4 p.m. on Aug. 26, just days before the Michigan Republican and Democratic parties hold their conventions.

The convention is free and open to all "kids are especially encouraged to attend with their families" and thousands of supporters from across the state are expected. There will be family entertainment, exhibitors and special appearances by popular Michigan sports, music and news personalities. Featured entertainment includes the Michigan rock band The Verve Pipe.

The gubernatorial candidates have been invited to speak and to bring their families.

Eighty-three percent of Michigan voters in a poll last year said early childhood development and education programs are an "absolute necessity" for their community; 75 percent wanted them spared from state budget cuts.

Great Start was created in 2004 to restructure the state's investment in children from birth to 5. The ECIC was formed to build, grow and administer Great Start, starting with the creation of

local community efforts. ECIC also focuses on building a stronger and higher quality child care system for Michigan.
